About SCOE

Saraswati College of Engineering is a leading Engineering Institute, Established in the year 2004 by Hon. Prithviraj Deshmukh and Mrs.Vrushali Deshmukh. The college is Approved by AICTE, New Delhi and affiliated to University of Mumbai, India. The college campus is beautifully landscaped in a lush green stretch of land spread across Kharghar Hills, SCOE offers UG Engineering Courses in Civil, Mechanical, Electronics & Telecommunication, Computer, Automobile and Information Technology. SCOE also offers PG courses in Civil, Mechanical, Electronics & Telecommunication and Computer Engineering. SCOE is established with a purpose of imparting state of art technical education to aspiring engineers of 21st Century. Efforts are taken by enhancing the employability & skills of students to bridge gap between Industry & Institute.

Objective of the Conference

GMADMT -2018 is a premier International Conference being organized by SCOE during 11th -12th Jan 2018 at Kharghar, Navi Mumbai (M.S.) India. Emergence of various technologies in the modern time has become inevitable. We have to be competent enough to compete with the present and the future global market which is dynamic in nature and as touched high scales of excellence. Hence, a meet on Advances in Design, Materials & Thermal Engineering will result in an improved awareness about the implications of every emerging technology. The meet will be focusing on all the latest concepts in the field of Design, Materials & Thermal Engineering. GMADMT-2018 is a true testimony of the fact that every emerging technology today will give way to a better tomorrow. The meet will provide an exceptional platform to the researchers to meet and discuss the practical methods of solving intriguing problems with people who are actively involved in these fields. The meet also aims at encouraging the faculty for engaging in more and more research in particular and creating an environment promoting research in every field of academics.

Paper Submission Guidelines

Academicians and Research scholars are invited to submit research papers on the tracks mentioned. All abstracts will be reviewed by Scientific Review Committee to avoid plagiarism. The paper must be written in English limited to a maximum of 6 pages and must conform to IEEE double column paper format.

Selected quality papers will be published in International Journals

Wewelcome submissions in the following areas:

- Alternative Fuels
- Advances in Material Science and Technology
- Application Of Artificial Intelligence
- Application of differential equations in operational research
- Automotive Noise, Vibration And Harshness (NVH)
- Crash Analysis
- Electric vehicles and sustainable transportation
- Green Manufacturing
- Micro Electro Mechanical Systems
- Process Equipment Design And Tribology
- Product Development and strategies
- Rapid Prototyping
- Six Sigma & Knowledge Management
- Special Function in Engineering and Technology
- Sustainable materials & resources
- Thermo Power And Fluids

Registration Fees

CATEGORY	INDIAN DELEGATES	FOREIGN DELEGATES
Students/ Research Scholars	Rs. 2,500/-	\$ 60
Academician	Rs. 3,000/-	\$ 75
Delegates from Industry	Rs. 5,000/-	\$ 110

Important Dates

Submission of Full Paper	December 9 th , 2017
